

# TOSHIBA

## 19A26

19" (measured diagonally) Color TV

### KEY FEATURES

#### VIDEO

- 19" Diagonal Blackstripe II™ Picture Tube

#### AUDIO

- Front Firing Speaker

#### CONVENIENCE

- Glow TV Remote
- On/Off Timer
- GameTimer™
- Front Panel A/V Inputs

### ADVANTAGE TOSHIBA

Blackstripe II™ picture tube has tinting mixed into the glass when making the tube, absorbing ambient room light, increasing contrast and boosting brightness 18%.

Glow TV remote has keys that improve ease of operation at night.

Front Panel A/V Input provides versatility and convenience for the consumer who wants to easily connect a video game or camcorder.

GameTimer™ allows the television to shut off after a specified period of time. The television will stay off until a lockout key code is entered.

PRELIMINARY SPECIFICATIONS SUBJECT TO CHANGE

# 19A26

## TECHNOLOGY & BENEFITS

### VIDEO

**Blackstripe II™ Picture Tube** - All picture tubes have a shadow mask behind the glass that helps create the picture. Blackstripe II™ picture tubes utilize a special compound in the shadow mask to absorb unnecessary light emissions. And to reduce reflection, tinting is built into the glass—not sprayed on as it is by some manufacturers—when the cathode ray tube is being created. Together, these improvements provide increased contrast and an 18% increase in brightness over standard tubes.

### AUDIO

**Front Firing Speaker** delivers the best sound by keeping the sonic image directly in front of the viewer.

### CONVENIENCE

**Tri-Lingual On-Screen Display** - All TV functions can be easily operated using the remote control to access Toshiba's advanced on-screen display. This full-featured system can be operated in English, French or Spanish.

**Channel Return** - Pressing this button returns you to the last channel you were viewing, which simplifies switching back and forth between two programs.

**Video Lock** - This feature allows lock out of either all video inputs or all inputs plus channels 3 and 4, preventing viewing of sources connected to selected inputs.
